

# SHIVDEV PRATAP SINGH CHAUHAN

BCA Student | Python Developer | Cybersecurity Enthusiast

✉ chauhanshivdev89@gmail.com | 📍 Budaun, Uttar Pradesh | 🌐 github.com/shivdevchauhan07

## CAREER OBJECTIVE

Motivated 2nd-year BCA student with hands-on experience in Python development and a Cisco-certified background in ethical hacking. Seeking an IT internship to apply programming skills, contribute to real-world projects, and grow as a software or cybersecurity professional.

## EDUCATION

### Bachelor of Computer Applications (BCA)

2024 – 2027

Shri Krishna Institute of Management and Science, Chandausi

Relevant Coursework: Data Structures, DBMS, Object-Oriented Programming, Computer Networks, Operating Systems

## TECHNICAL SKILLS

### Programming Languages:

C, Java, Python

### Concepts:

OOP, Data Structures, File Handling, CSV Data Management

### Cybersecurity:

Ethical Hacking, Penetration Testing, Vulnerability Scanning

### Tools & Technologies:

Git, GitHub, VS Code, Termux, Linux (basic)

### Other:

Command-Line Interface (CLI), MS Office

## PROJECTS

### Student Grade Calculator | Python

github.com/shivdevchauhan07/student-grade-calculator

- Built a CLI-based student record management system in Python from scratch
- Implemented CSV file handling for persistent data storage across sessions
- Features include: add students, multi-subject GPA calculation, search, delete, class topper detection and grade distribution statistics
- Applied modular programming with 10+ functions, clean menu-driven interface across 200+ lines of code
- Version-controlled with Git and published on GitHub with full README documentation

## CERTIFICATIONS

### Ethical Hacker — Cisco Networking Academy

June 2026

- Covered penetration testing methodology, vulnerability scanning, social engineering, network & application exploitation, cloud/mobile/IoT security, and post-exploitation reporting
- Verified credential issued by Cisco Networking Academy

## KEY STRENGTHS

- Self-motivated learner — completed a full Python project independently in 7 days
- Strong problem-solving approach with interest in both development and cybersecurity
- Comfortable working with command-line tools and version control (Git/GitHub)
- Quick adaptability to new tools and technologies

## LANGUAGES

Hindi (Native) | English (Professional Working Proficiency)
